

Regional Comprehensive Plan Open Space Program Community Open Space Workshop

November 6, 2006

SCAG Offices—818 West 7th Street, 12th Floor, Los Angeles, CA 90017

Conference Room: Riverside B

Agenda

- 1. Welcome and Introductions -- *Jacob Lieb and Jessica Kirchner, SCAG* 10:00-10:15**
- 2. Project Overview and Workshop Goal -- *Jean Carr, Jones & Stokes* 10:15-10:45**
 - Context and Components of the Program
 - Open Space in the Region Today
 - Community Open Space Data and Maps
 - Growth-related Changes and Challenges
 - Workshop Goal
 - Discussion Items and Target Outcomes
- 3. Issues and Programs: Case Studies from the Region -- *Melani Smith and Steve Patton, Melendrez* 10:45-11:30**
 - Community Profiles: Focus on 2% Opportunity Areas
 - Case Study Criteria
 - Comparison of Characteristics
 - Existing Open Space Programs
 - Success Stories and Lessons Learned

- Group Discussion
 - Do the issues we have described adequately address the breadth of concerns relating to community open space in the region?
 - Are there other cases we should be considering?
 - Are there key techniques, tools or mechanisms for creating or maintaining community open space in the region that are not addressed by the cases we've described?

4. Lunch

11:45-12:45

Special Presentation: *Trust for Public Land's "Greenprinting" Program – Using GIS for Community Conservation Planning*

1:00-2:00

5. Roundtable Discussion

- Are the community open space techniques, tools, mechanisms, possible models for implementation in other parts of the region?
- How could SCAG support the implementation of the techniques, tools or mechanisms we have identified, at the local level?
- Are there specific types of programs that should be given priority?
- What could/should be done on a regional level?
- What role could/should SCAG play?
